Edible oil price fixing: CCP raids transporters' premises

The Competition Commission of Pakistan (CCP) has conducted an 'enter and search' operation at the premises of a Karachi-based transporters' association as part of an ongoing investigation into alleged anti-competitive practices in the transportation of edible oil.

According to CCP statement, the action was taken after CCP initiated a suo motu inquiry regarding multiple circulars issued by the association at various intervals, which reportedly fixed transportation charges for edible oil from Karachi's seaports to other cities across Pakistan.

Price fixing by an association is per se violation of the Competition Act, 2010, as it eliminates independent pricing decisions among competitors, distorts market dynamics, and harms consumers, CCP claimed.

During the operation, CCP's authorized officers impounded relevant documents and computer-stored data to assess the extent of the association's role in setting transport rates. The inquiry is now in its final stages, with CCP aiming to conclude it at the earliest.

Reaffirming its commitment to fair competition, the CCP has urged businesses and trade associations to comply with competition laws and refrain from practices that hinder market efficiency and consumer welfare. https://www.brecorder.com/news/40350789/edible-oil-price-fixing-ccp-raids-transporters-premises

CCP Raids Karachi Transporters in Edible Oil Price Scam

The Competition Commission of Pakistan (CCP) recently carried out an inspection at the office of a Karachi-based transporters' association as part of an ongoing probe into alleged anti-competitive conduct in the edible oil transportation sector.

This action stemmed from a suo moto investigation initiated by the CCP after identifying multiple directives issued by the association at different times, which allegedly set uniform transportation charges for edible oil shipments from Karachi's ports to cities nationwide.

The practice of fixing prices within an industry association directly breaches the Competition Act, 2010, as it restricts individual pricing decisions, disrupts market equilibrium, and adversely affects consumers.

By eliminating competitive pricing, such actions reduce market efficiency and limit consumer choice, leading to inflated costs.

During the inspection, CCP's authorized personnel seized crucial documents and digital records to evaluate the association's involvement in rate determination.

With the inquiry now nearing completion, the CCP is focused on concluding the investigation promptly to ensure market fairness.

Reiterating its dedication to fostering free competition, the CCP has called upon businesses and industry groups to adhere to competition regulations and avoid practices that hinder market transparency and consumer welfare.

The commission remains vigilant in its efforts to maintain a competitive landscape that benefits both businesses and the public.

مسابقتی کمیشن آف پاکستان کا ٹرانسپورٹرز ایسوسی ایشن کے دفاتر میں چھایہ

اسلام آباد۔1مارچ (اے پی پی):مسابقتی کمیشن آف پاکستان(سی سی پی) نے خوردنی تیل کی نقل و حمل میں مبینہ غیر مسابقتی عوامل کی تحقیقات کے سلسلے میں کراچی میں واقع ٹرانسپورٹرز ایسوسی ایشن کے دفاتر میں چھاپہ مارا اور تلاشی لی ۔ یہ کارروائی سی سی پی کی جانب سے شروع کی گئی سو موٹو انکوائری کے بعد کی گئی، جس میں ایسوسی ایشن کی طرف سے مختلف اوقات میں جاری کردہ متعدد سرکلرز کے بارے میں تحقیقات کی گئیں، جن میں مبینہ طور پر کراچی کی بندرگاہوں سے پاکستان کے دیگر شہروں تک خوردنی تیل کی نقل و حمل کے لیے فیس مقرر کی گئی تھی۔

سی سی پی کی جانب سے جاری کردہ پریس ریلیز میں بتایا گیا کہ ایسوسی ایشن کی جانب سے قیمتوں کا تعین کرنا کمپٹیشن ایکٹ 2010 کی خلاف ورزی ہے، کیونکہ یہ عمل مقابلہ کاروں کے درمیان آزاد قیمتوں کے فیصلوں کو ختم کرتا ہے، مارکیٹ کی حرکیات کو مسخ کرتا ہے اور صارفین کو نقصان پہنچاتا ہے۔تلاشی کے دوران سی سی پی کے مجاز افسران نے متعلقہ دستاویزات اور کمپیوٹر میں محفوظ ڈیٹا ضبط کر لیا تاکہ ایسوسی ایشن کی جانب سے نقل و حمل کی قیمتوں کے تعین میں کردار کا جائزہ لیا جا سکے۔

تحقیقات اب اپنے آخری مراحل میں ہیں اور سی سی پی کا مقصد ہے کہ اسے جلد از جلد مکمل کیا جائے۔منصفانہ مقابلے کے اپنے عزم کی تصدیق کرتے ہوئے سی سی پی نے کاروباری اداروں اور تجارتی ایسوسی ایشنز پر زور دیا ہے کہ وہ مقابلہ کے قوانین کی پابندی کریں اور ایسے اقدامات سے گریز کریں جو مارکیٹ کی کارکردگی اور صارفین کی بہبود کو متاثر کرتے ہوں۔

CCP to hold groundbreaking ceremony of head office tomorrow

The Competition Commission of Pakistan (CCP) is set to mark a historic milestone with the groundbreaking ceremony of its head office building.

The event, scheduled for Tuesday, (tomorrow), will be officiated by Deputy Prime Minister Senator Muhammad Ishaq Dar, Federal Minister for Finance and Revenue, Senator Muhammad Aurangzeb, and Federal Minister for Law and Justice, Senator Azam Nazeer Tarar.

The event will bring together key stakeholders, including policymakers, federal secretaries, representatives from the business community and regulatory authorities.

The new CCP headquarters will be a state-of-the-art, smart building with modern technology, energy-efficient systems, and green spaces. It will enhance operational efficiency, provide a better working environment, and significantly cut rental costs, strengthening the Commission's financial position. The secure and sustainable facility will also accommodate a larger workforce.

Emphasizing the significance of this milestone, Chairman CCP, Dr Kabir Sidhu, stated, "This building is more than just bricks and mortar; it symbolises a financially stable CCP. After construction of the head office, we will expand our presence in major cities across the country."

In 2024, the CCP imposed Rs 275 million in penalties for cartelization, collusion, and deceptive marketing, recovered PKR 100 million, resolved 73 court cases, and issued 32 show-cause notices across fertilizer, real estate, education, public procurement, and pharmaceuticals.

It launched seven new inquiries into transportation, telecom, construction, and FMCG. The Commission also operationalised its Market Intelligence Unit (MIU), identifying over almost 200 instances of anti-competitive practices through advanced data analysis. The Commission is also carrying out research in key sectors, reviewing its legal and regulatory framework to facilitate market's growth and its dynamics.

CCP all set for groundbreaking of head office building

The Competition Commission of Pakistan (CCP) is set to mark a historic milestone with the groundbreaking ceremony of its new head office building.

The event, scheduled for Tuesday, March 4, will be officiated by Deputy Prime Minister Senator Muhammad Ishaq Dar, Federal Minister for Finance and Revenue, Senator Muhammad Aurangzeb, and Federal Minister for Law and Justice, Senator Azam Nazeer Tarar, said a new release.

The event will bring together key stakeholders, including policymakers, federal secretaries, representatives from the business community and regulatory authorities.

The new CCP headquarters will be a state-of-the-art, smart building with modern technology, energy-efficient systems, and green spaces. It will enhance operational efficiency, provide a better working environment, and significantly cut rental costs, strengthening the Commission's financial position. The secure and sustainable facility will also accommodate a larger workforce.

Emphasizing the significance of this milestone, Chairman CCP, Dr. Kabir Sidhu, said, "This building is more than just bricks and mortar; it symbolizes a financially stable CCP. After construction of the head office, we will expand our presence in major cities across the country."

In 2024, CCP imposed Rs. 275 million in penalties for cartelization, collusion, and deceptive marketing, recovered PKR 100 million, resolved 73 court cases, and issued 32 show-cause notices across fertilizer, real estate, education, public procurement, and pharmaceuticals. It launched seven new inquiries into transportation, telecom, construction, and FMCG. The Commission also operationalized its Market Intelligence Unit (MIU), identifying over almost 200 instances of anti-competitive practices through advanced data analysis.

The Commission is also carrying out research in key sectors, reviewing its legal and regulatory framework to facilitate market's growth and its dynamics.
