CCP organises lecture on ‘cartel screening & detection methods’

The Competition Commission of Pakistan (CCP) organized an insightful capacity-building lecture on “Cartel Screening and Detection Methods” to explore cutting-edge techniques for identifying anti-competitive practices in today’s markets.

The session featured Dr Amber Darr, a Lecturer in Competition Law at the University of Manchester (UK) and Senior Research Fellow at the University College London (UCL) Centre for Law, Economics and Society.

The session aimed at equipping participants with a deeper understanding of how to identify markets prone to collusion, detect cartels in the digital age, and apply methods of both behavioural and structural screening to identify anti-competitive behaviours. A large number of officers from the CCP and other regulatory bodies attended the session, benefiting from Dr Darr’s extensive expertise.

Dr Darr started with an overview of history and evolution of competition laws, particularly in South Asia. She emphasized that competition laws are designed to prevent businesses from entering into agreements that restrict trade and hinder equal opportunities for all participants in the marketplace. As trade techniques evolve, competition laws must adapt to keep pace with global market changes.

In her discussion of cartels, Dr Darr explained that cartels misuse limited resources, leading to economic inefficiencies. By stifling competition based on quality and price, cartelization discourages innovation. It also creates significant barriers for new businesses and foreign investors, resulting in a “deadweight loss” for the economy.

Dr Darr emphasized the need to identify and monitor sectors prone to cartelization, such as cement, food, and consumer goods, with a focus on pricing behaviours. She pointed out that trade associations are sometimes used to facilitate or mask collusive behaviour, making it crucial for competition regulators to monitor the activities of these associations, including screening their meeting minutes.

She also stressed the importance of advocacy in spreading awareness about the negative impacts of cartelization on both the economy and the business community. Dr Darr urged the CCP to increase its advocacy efforts and engage more closely with markets and industries to promote fair competition.

The session concluded with an interactive Q&A, where Dr Darr answered various pertinent questions from the participants, further enriching the discussion. Earlier, Dr Kabir Ahmed Sidhu, Chairman CCP warmly welcomed Dr Darr

and commended her remarkable contributions to the field of law and academia. Dr Sidhu emphasized the importance of such expert-led sessions in advancing CCP's mission to enhance competition law enforcement in Pakistan.

مسابقتی کمیشن آف پاکستان کا مارکیٹوں میں کارٹلز کی نشاندہی اور ان کو پکڑنے کے جدید طریق کار بارے تربیتی سیشن کا انعقاد

سابقہ کمیشن آف پاکستان نے مارکیٹوں میں "کارٹلز کی نشاندہی اور ان کو پکڑنے کے جدید طریق کار" پر اپنے افسران کے لئے تربیتی لیکچر منعقد کیا جس میں ڈاکٹر امبر ڈار جو کہ یونیورسٹی آف مانچسٹر (برطانیہ) میں مقابلہ کے قانون کی لیکچرار اور یونیورسٹی کالج لندن (جو سی ایل) کے سنٹر فار لاء، اکنامکس اینڈ سوسائٹی کی سینئر ریسرچ فیلو ہیں، نے موضوع پر تفصیلی بحث کی۔ مسابقتی کمیشن کی جانب سے جاری پریس ریلیز کے مطابق اس لیکچر کا مقصد مسابقتی کمیشن اور دیگر ریگولیٹری اداروں کے حکام کو اس موضوع پر آگاہی فراہم کرنا تھی کہ جدید مارکیٹوں میں کہاں گٹھ جوڑ ہو سکتا ہے اور اس ڈیجیٹل دور میں کارٹلز کی نشاندہی کیسے کی جائے۔

اس سیشن میں مسابقت مخالف رویوں کی نشاندہی اور ان کی سٹرکچرل سکریننگ کے طریقوں پر بھی بحث کی گئی۔ سی سی پی اور دیگر ریگولیٹری اداروں کے کئی افسران نے سیشن میں شرکت کی ڈاکٹر امبر ڈار نے مارکیٹوں میں مقابلہ کے قوانین کی تاریخ اور جنوبی ایشیا میں ان کے ارتقاء کا جائزہ پیش کیا۔ انہوں نے کہا کہ مقابلہ کے قوانین کا مقصد کاروبار کے ایسے معاہدوں کی روک تھام ہے جن سے مارکیٹ میں پہلے سے موجود فریق منصفانہ تجارت کو روکیں اور مارکیٹ میں دیگر شرکاء کو یکساں مواقع سے محروم کریں۔ انہوں نے کہا کہ جیسے جیسے تجارتی تکنیکس ایڈوانس ہو رہی ہیں، مسابقتی قوانین کو بھی عالمی مارکیٹ کے بدلتے رجحانات کے مطابق اپ گریڈ کرنا ضروری ہے۔

ڈاکٹر ڈار نے کہا کہ کارٹلز محدود وسائل کا غلط استعمال کرتے ہیں جس سے معیشت میں گروتھ نہیں ہوتی۔ کمپنیاں جب گروہ بنا کر قیمتوں اور معیار کی بنیاد پر ایک دوسرے سے مقابلے کو روک دیتے ہیں تو اس سے صارفین کو بہتر سروسز اور بہتر قیمتیں میسر نہیں ہوتیں۔ کارٹلز نئے کاروباروں اور غیر ملکی سرمایہ کاروں کے لیے رکاوٹیں پیدا کرتے ہیں، اور صارفین کو بہتر مواقع میسر نہیں ہوتے۔ ڈاکٹر ڈار نے کہا کہ کمیشن کو ان مارکیٹوں کی نشاندہی کرنی چاہیے جن میں کارٹل بنانے کا رجحان موجود ہوتا ہے، جیسے سیمنٹ، کھانا اور صارفین کی مصنوعات اور ان سیکٹرز کی مسلسل نگرانی کرنی چاہیے، خاص طور پر قیمتوں کے رویوں پر نظر رکھیں۔

انہوں نے کہا کہ مختلف شعبوں کی ٹریڈ ایسوسی ایشنز بھی اکثر مشترکہ تجارتی فیصلوں کے لیے استعمال کی جاتی ہیں، اس لیے ان ایسوسی ایشنز کی سرگرمیوں کی نگرانی کرنا بھی ضروری ہے۔ انہوں نے کارٹیلانزیشن کے منفی اثرات کے بارے میں آگاہی پھیلانے کے لئے ایڈووکیسی کی اہمیت پر بھی زور دیا اور سی سی پی سے کہا کہ وہ اپنی ایڈووکیسی کی کوششوں میں اضافہ کرے اور مارکیٹس اور صنعتوں کے ساتھ ڈائلاگ کرے تاکہ منصفانہ مقابلہ کو فروغ دیا جا سکے۔

سیشن کے اختتام پر ایک سوال و جواب کا سیشن ہوا جس میں ڈاکٹر ڈار نے شرکاء کے مختلف سوالات کے جوابات دیئے۔ اس سے پہلے، ڈاکٹر کبیر احمد سدھو، چیئرمین سی سی پی نے ڈاکٹر ڈار کا گرم جوشی سے استقبال کیا اور قانون اور اکیڈمیا کے میدان میں ان کی شاندار خدمات پر ان کی تعریف کی
