

DATA ANALYST(S) REQUIRED

The Competition Commission of Pakistan (CCP) is an independent quasi-regulatory, quasi-judicial body dedicated to ensure healthy competition and economic well-being. In alignment with organizational development, CCP intends to seek the services of a highly qualified and experienced Data Analysts (two positions) as per the given details;

Key Responsibilities

- Collect, clean, and preprocess large datasets from various sources for analysis and implement data pipelines for real-time market monitoring.
- Apply supervised and unsupervised machine learning algorithms to identify market patterns, competition metrics, and unusual patterns for market segmentation or concentration.
- Use machine learning techniques to detect price-fixing, collusion, and other anti-competitive behaviors.
- Apply predictive models to assess the competitive impact of mergers and acquisitions. Use Natural Language Processing (NLP) to analyze merger documents for anti-competitive clauses or market dominance.
- Apply text mining techniques to analyze merger and acquisition documents, press releases, and regulatory filings.
- Assist in the detection of anti-competitive practices by analyzing transaction data, mergers, and acquisitions to evaluate their potential impact on market competition.
- Work closely with legal and enforcement teams to provide data-driven insights and evidence in investigations related to anti-competitive behavior.
- Create detailed reports and visualizations to communicate complex data analysis findings in a clear and actionable manner.

Professional Credentials and other Requirements

- Msc/M.phil/Ph.D. in Data Science, Economics, Statistics, Machine Learning & Artificial Intelligence, Applied Mathematics, Engineering (with focus on data analysis), or Business Analytics (related discipline) from an HEC-recognized local or foreign university.
- Minimum 3 years of relevant professional experience.
- Competence in managing data preparation, analysis, research, and drafting.
- Full working knowledge of Competition-related matters in Pakistan and ability to place them in a comparative framework.
- Excellent oral and written communication skills.
- Ability to work with large datasets and perform quantitative analysis.
- Proficiency in statistical and data analysis tools (Business Objects, PowerBI and Tableau)
- Ability to work under tight deadlines and handle multiple projects simultaneously.

Age Limit: 35- 50 (including general age relaxation)

General Terms and Conditions:

- The appointment will be made on contract basis, for a period of two (02) years further extenable, subject to satisfactory performance.
- The Candidate may be considered for regularization after reasonable time upon satisfactory progress.
- The candidate possessing the requisite qualification, experience and age may apply. Only shortlisted candidates based on qualification and experience will be called for the interview and no TA/DA will be given to the candidates who appear in the test/interview.
- Government employees may apply through proper channel after getting NOC from the parent department.
- Applications that are incomplete or received after the due date will not be considered.
- The Commission being an equal opportunity employer offers competitive packages with excellent benefits.
- Candidates who try to exercise undue influence during the selection process will be disqualified immediately.
- The Commission reserves the right to accept, reject the applications or postpone the process as allowed under the rules.
