## KOICA, CCP to boost cooperation

ISLAMABAD: The Korea International Cooperation Agency (KOICA) and the Competition Commission of Pakistan (CCP) have agreed to resume their collaboration efforts.

KOICA has expressed its commitment to providing full support to CCP in capacity building, enhancing enforcement capabilities, and conducting joint research initiatives.

KOICA Country Director for Pakistan Office Je Ho Yeon met CCP Chairman Dr Kabir Ahmed Sidhu to discuss bilateral cooperation and capacity building.

The KOICA will provide fellowship to 30 CCP officers to participate in a three-year training programme in Korea.

KOICA has committed to facilitating a memorandum of understanding between the Korea Fair Trade Commission and CCP.—Staff Reporter

# KOICA, CCP to renew collaboration efforts

**By our correspondent**

ISLAMABAD: The Korea International Cooperation Agency (KOICA) and the Competition Commission of Pakistan (CCP) have agreed to resume their collaboration efforts.

KOICA has expressed its commitment to providing full support to CCP in capacity building, enhancing enforcement capabilities, and conducting joint research initiatives.

Mr. Je Ho Yeon, the Country Director of the KOICA Pakistan Office, met with Dr. Kabir Ahmed Sidhu, Chairman of CCP, to discuss bilateral cooperation and capacity building.

KOICA has committed to facilitating an MOU between the Korea Fair Trade Commission (KFTC) and CCP for information sharing, joint research, and advocacy programmes, particularly focusing on Korean companies operating in Pakistan's private sector. This collaboration is

expected to enhance CCP's bid-rigging system and its ability to address competition issues in the digital economy.

One of the key points of discussion was KOICA's interest in reinstating a fellowship programme for CCP officers in Korea. In the past, KOICA's fellowship programme enabled 30 CCP officers to participate in a three-year training programme in Korea. The programme covered various aspects of competition law and included training sessions conducted by competition experts and senior KFTC officials.

The renewed cooperation is expected to further deepen the officers' expertise and broaden their perspective, enabling them to effectively address emerging challenges in competition law and policy. It will also facilitate the exchange of best practices between Korea and Pakistan, ultimately strengthening the enforcement framework and promoting fair competition in both countries.
