## CCP ensures maximum bidders participation for bulldozers

**OUR STAFF REPORTER  
ISLAMABAD**

The CCP ensured participation of maximum bidders in the procurement of bulldozers by the A&CD, Government of Balochistan. The Government of Balochistan has allocated Rs 3 billion in budget 2014-15 for the procurement of 200 bulldozers for agriculture purposes. A&CD, Balochistan, recently floated a tender to procure the first lot of 40 Bulldozers. CCP received complaints from suppliers of bulldozers concerning the terms of tender. It was complained that five brands of bulldozers were invited in the tender; however, bids were to be entertained only if the bidders provide details of supply during the last five years for their brands offered in Pakistan.

CCP learnt that the import data of Customs shows import of only one brand of bulldozers in Pakistan during the last five years, thereby inevitably creating a monopoly of one supplier. It was also complained that the pre-requisite horse-power (HP) range for the procurement of bulldozers was set at 120-125 HP, despite the fact that the majority of the brands mentioned in the tender failed to meet this requirement.

CCP learnt that the former Ministry of Food, Agriculture & Livestock had established a horse-power range between 120-130 HP to ensure better competition and the practice was followed by the Agriculture Department of Sindh in its latest procurement.

These pre-requisites in the tender document appeared to hinder a level-playing field among various suppliers of bulldozers by ostensibly foreclosing the market to most of potential bidders. CCP advised A&CD that the inclusion of the above pre-requisites would restrict competition in the market at a heavy cost to the national exchequer.

In response, AC&D acknowledged the competition concerns and resolved the matter by amending the bidding document, which required supply record during the last twenty five (25) years instead of five (5) years. Further, A&CD, Balochistan agreed to take appropriate action to increase HP requirement from 125 to 130 HP to ensure maximum participation of bulldozer suppliers.

## بلڈوزروں کی خریداری کے لئے ٹینڈرنوٹس پر نظر ثانی کی ہدایت

### بلوچستان کی حکومت کی شرائط کی وجہ سے صرف ایک کمپنی کو فائدہ پہنچنے کا امکان

شکایت کی گئی ہے کہ بلڈوزرز کی خریداری کے لئے صوبائی حکومت کی جانب سے جاری ٹینڈر میں ایسی شرائط عائد کی گئی ہیں، جن کی وجہ سے تمام بلڈوزر بنانے والی کمپنیاں مسابقت سے باہر ہو گئیں ہیں اور صرف ایک کمپنی کو فائدہ پہنچنے کا امکان ہے۔ مسابقتی کمیشن کی ہدایت کے مطابق بلوچستان کے محکمہ زراعت نے بلڈوزرز کے فراہم کنندگان کی شکایت کا ازالہ کرتے ہوئے تمام کمپنیوں سے گزشتہ 25 سال کے فروخت کے اعداد و شمار طلب کئے ہیں۔

لاہور (کامرس رپورٹر) عدم مسابقت کے خدشہ کے پیش نظر مسابقتی کمیشن پاکستان نے صوبہ بلوچستان کے محکمہ زراعت و امداد باہمی کو بلڈوزروں کی خریداری کے لئے جاری ٹینڈر نوٹس پر نظر ثانی کرنے کی ہدایت کر دی۔ بلوچستان حکومت نے مالی سال 2014-15ء کے بجٹ میں صوبے میں زراعت کے فروغ کے لئے 200 بلڈوزرز کی خریداری کے لئے 3 ارب روپے مختص کئے ہیں۔ بلڈوزر فراہم کرنے والے اداروں کی جانب سے مسابقتی کمیشن کو
